# What is the Palmetto Predators Baseball Club?

The Palmetto Predators Baseball team provides athletic training and educational benefits in character and sportsmanship within the Central Savannah River Area; promoting the development of amateur youth sports through baseball tournaments. Through the hard work and dedication of a group of volunteers from your community, young men can develop their self-confidence, camaraderie, gain leadership abilities, improve their athletic skills, and represent their community and State. As this team continues to grow, the team will continue to advance together each year as their age group goes up.
